

Katie's Garden Plant Centre

Fruit trees available from November 2020

Two-year-old plants, field-grown in England. Most have a current height of between 5-7ft.

Note: most are grown on semi-vigorous and semi-dwarfing rootstocks. Rootstocks and ultimate heights are as follows:

Apples MM106 = apx 12ft

Apricot, Nectarine, Peach, Plum St Julian A = 14-18ft

Cherry Colt = 20ft

Pears Quince A = 10-15ft

Plum Pixy = 10-12ft
